

CALL FOR APPLICATIONS TO STUDY MASTERS PROGRAMME AT THE UNIVERSITY OF RWANDA –COLLEGE OF SCIENCE AND TECHNOLOGY

The Management of the University of Rwanda is pleased to invite interested and qualified candidates to apply to study Masters offered in the College of Science and Technology, University of Rwanda (UR) in the following mentioned programmes:

School of ICT

| Programme Title | Entry Requirements | Mode of attendance (Day) |
|---|---|--|
| MSc in Information Systems (Option: e-Government) | A Bachelor's degree with at least a Second-Class Honors Upper division or equivalent in any of the following fields: Computer Science and/or Engineering, Information Technology, Information Systems, Business Information Technology, Electrical and Electronics Engineering, Telecommunication Engineering, Electromechanical Engineering. Applicants with non-IT Bachelor's degrees but with substantial career experience in middle to senior executive managerial capacity, will also be considered but would be required to take some undergraduate courses. Each case, however will be considered individually and other pre-requisite courses might be proposed depending on the background studies of the applicants. | This is a Day program offered in a blended mode (online and on-Campus) and supported by the UR Virtual Learning Environment. In this way students at the Campus and others from different parts of the country can meet as a virtual community whilst studying. |
| MSc in Information Systems (Option: Internet Technologies) | A Bachelor's degree with at least a Second-Class Honors Upper division or equivalent in any of the following fields: Computer Science and/or Engineering, Information Technology, Information Systems, Business Information Technology, Electrical and Electronics Engineering, Telecommunication Engineering, Electromechanical Engineering. Applicants with non-IT Bachelor's degrees but with substantial career experience in middle to senior executive managerial capacity, will also be considered but would be required to take some undergraduate courses. Each case, however will be considered individually and other pre-requisite courses might be proposed depending on the background studies of the applicants. | Day |

| | | |
|--|--|------------|
| <p>MSc in Information and Communication Technologies (Option: Operational Communication)</p> | <p>A Bachelor's degree with at least a Second-Class Honors Upper division or equivalent in any of the following fields: Computer Science and/or Engineering, Information Technology, Information Systems, Business Information Technology, Electrical and Electronics Engineering, Telecommunication Engineering, Electromechanical Engineering. Applicants with non-IT Bachelor's degrees but with substantial career experience in middle to senior executive managerial capacity, will also be considered but would be required to take some undergraduate courses. Each case, however will be considered individually and other pre-requisite courses might be proposed depending on the background studies of the applicants.</p> | <p>Day</p> |
| <p>MSc in Computer Science (Option: Software Engineering)</p> | <p>A Bachelor's degree with at least a Second-Class Honors Upper division or equivalent in any of the following fields: Computer Science, Computer Engineering, Information Technology, Information Systems, electronic engineering or in a joint degree with at least 60% Computer Science content.
